LIONESSES — The Lemon Grove Lioness Club held its installation June 8 at the El Morocco Restaurant in Lemon Grove. Here, outgoing president Mrs. Robert Conlin passes the gavel to vice president Mrs. Tom Britt. At left is Mrs. Ralph Owens, secretary-treasurer. Not available for the picture was president Mrs. Chet Pogo.

Only El Cajon Says O.K.

UNIFICATION LOSES

School district unification failed in Tuesday's east county election with only a single district approving the measure. A simple majority is all that was needed. Thirty per cent more voters disaproved than approved it.

Semi-official totals are 10,503 for unification; 13,296 against it. Lemon Grove gave the issue the heaviest beating and presented the candidate who polled the most votes. The candidate was Harry Buckner, veteran member of the Lemon Grove School Board.

El Cajon approved unification.

By individual districts the Yes — No vote was:

Alpine 104-406.
Cajon Valley 3342-2670.
Dehesa 12-50.
Dulzura 6-50.
Jamul-Las Flores 26-222.
Lakeside 605-1103.
La Mesa-Spring Valley 5043-5555.
Lemon Grove 857-2372.
Santee 526-866.

Candidates finished like this:

District 1 — Robert Bates, 9,380, Dlayne Eppels, 6,,097 and R. Helland, 5,589.

District 2 — Portia B. Goode, 9,527; Robert Dryden, 8,417, Sheridan Hegland, 8,382; R. Andreen, 8,084 and H. Dye, 3324.

District 3 — Harry Buckner, 13,185 and W. Erickson, 5,540.

District 4 — Verne Odmark, 11,979 and Margaret Ness, 6,484.

District 5 — Joseph Sewall, 7,040 and Willard Brinks, 6027.

The proposition, sponsored by Assembly Speaker Jesse Unruh, woud have merged the 10 districts within the area boundaries of the Grossmont High School District into one unified district.

There was a $15-a-student state bonus dangled before voters whose districts approved the measure even though the total issue failed. E Cajon will now receive the $15 bonus.

Had the issue been successful, there would have been seven trustees represnting families who would have more than 50-000 youngsters in school.

The election was ordered by the State Department of Education, which aslo says that another such election must be held within a two year period.

The DIMMER VIEW

by MAX GOODWIN

Residents of the unincorporated east county will soon face a dilemna on public transportation.

Unless some responsible organization agrees to represent this area and does something about it, the day will soon come this vear when buses will not serve Lemon Grove or Spring Valley.

As matters now stand, the City of San Diego has voted to buy the city transit system, but there are several steps that must be taken before the sale is consumated. First, the registrar of voters must canvass the ballots and certify the election. Because of the size of last week's election, this may take two weeks.

Then, the County Board of Supervisors must ratify the certification of the canvass, and advise the registrar it is "OK". Then,the San Diego Council must ratify the purchase, which they will do after the City Attorney says "OK". The same day that the City ratifies the purchase, Councilman Harry Scheidle will fly to Sacramento to get the State Legislature to ratify the purchase. All these steps must be taken and in the order given.

After Legislature ratifies the purchase, which they will do provided they're in session, County Counsel and the City Attorney will guide the sale through to its conclusion, making sure that every "i" is dotted and every "t" crossed in the contract.

The minute the City of San Diego takes title to the bus firm, all routes will be discontinued except those under contract to the city. The target date for the city takeover is October, 1966 according to our best sources of information.

Unless an awful lot of preliminary groundwork has been done by this time, Lemon Grove and Spring Valley may be without bus service for several months — or forever, depending on what residents want.

We believe the Chamber of Commerce can best represent the community in the matter of getting organized for bus action early. We propose that the Spring Valley and Lemon Grove Chambers of Commerce set up a joint organization to obtain and supply information to its members regarding the status of buses as the picture develops.

We propose that the joint committee hold a public hearing to decide what the populace desires.

Unquestionably there will be a tax levied on local property to support the cost of the buses. This cost will be the result of whatever agreement can best be arrived at between the committee and the City of San Diego with the Board of Supervisors negotiating for the committee. An election will be called and voters will express their determination regarding paying the bus-tax cost or not. The request for the election would be made through the Board of Supervisors.

The joint committee would find itself performing a public service of the highest order in providing this effort.

The Chambers would be serving in a capacity singularly appropriate for chambers in unincorporated communities.

The two chambers should meet to commence study on this project immediately so as to give dynamic leadership early enough to be effective.

HAPPY BIRTHDAY — Ted Fetters, left, owner of Pal's Cafe in Lemon Grove, pours champagne for George Robinson, center, to celebrate Robinson's 106th birthday. At right is Mrs. Lorine Moyer, Robinson's daughter. Fetters held a birthday dinner in honor of Robinson Tuesday.

Lemon Grove Resident Is 106 Years Old

by Norm Hutsell

1860 was the year of Abraham Lincoln's election as President of the United States. In the same year, the Pony Express started operations with the famous Sacramento to St. Josephs, Mo., ride.

George M. Robinson was born that year, also; on June 14 in Callaway County, Mo., to be exact.

Tuesday, Robinson celebrated his 106th birthday. He lives with his daughter, Mrs. Lorine Moyer, at 7542 Davidson, Lemon Grove.

He has lived in Lemon Grove since December after residing in his own apartment in East San Diego since 1961. Robinson first came to California in 1956.

"No Pain"

Robinson, who has "no aches and pains", says he was "quite a rounder" in his early life.

"I've been in most of the states, going everywhere and running around a lot." Robinson was "bound out" to a man when he was 13 years old, but left "as soon as I was old enough to ride a horse."

He continued travelling about the country on his horse until "I made my first mistake" — he got married.

Robinson and his wife raised twelve children in the Kansas-Missouri areas. Ten of them are still living.

Nixes Farming

To support his family, Robinson tried farming, which was "too hard", blacksmithing, general repairing and carpentry, which he finally adopted as his occupation.

He "retired" in 1935 following a stroke in which he was hospitalized for a year. He later worked in a factory during World War II.

Robinson recalls several amusing incidents in the earlier part of his life.

Flying Machine

One involved a flying machine. "A friend and I built a flying machine when I was 10 years old and everything was going great until my friend broke his leg. Then they (parents) took it away from us."

Another time Robinson, a two-gun fancier, was approached by a man who bet him he could draw his gun out of his holster faster than Robinson could pull the trigger on an already-cocked gun. Robinson lost and "I put my guns away forever." Fortunately, the "gunslingers" were using blanks.

Today, Robinson isn't as daring. However, he did take a bus by himself several weeks ago to look over the new White Front Store in La Mesa.

Watches TV

He does a lot of reading, watching tee vee and walking. "I like to watch the politicians throw the bull on television," remarks Robinson.

He admits he is "getting old", but is "still interested in girls." **"I am not a ladies man,** but I get my share of kisses at the senior citizen's club."

Flash Fire Damages Garage

Loss was estimated at $2,000 in a gasoline-started fire June 1 in the garage of James Mulder, of 2568 Mulder St., Lemon Grove, fire officials stated this week.

The fire was started when Marcel Mancheron, a resident in the garage apartment on the Mulder property attempted to fill the gas tank of a power mower which was kept in the garage. During the filling process the hot water heater flame ignited gasoline fumes. Mancheron was burning slightly about the face.

The Mulders were on vacation at the time of the fire.

SD County Receives License Fees

State Controller Alan Cranston has reported distribution of $121,019,104 to cities and counties as a partial advance on their share of State-collected vehicle license fees.

Cranston said San Diego County's share was $3,874,292.

The total represents 75 per cent of the vehicle license fees which the State expects to receive during the six-month period ending May 31, 1966. The balance of the actual amounts for the period will be paid in June.

Cranston said the $121 million payment tops last year's corresponding apportionment by more than $8 million.

Half the total — $60,509,552 —was distributed among California's 398 incorporated cities and half was shared by the 58 place of a local property tax on vehicles, Cranston explained, the cities and counties may use their share for general purposes.

LETTERS TO THE EDITOR

Dear Editor:

In no county in the nation does mass media serve PTA as in San Diego County and we are very appreciative of this relationship.

We thank you for all you have done for us this past year.

I have taken another position that of a council president for next year so will not be able to serve as publicity chairman for the district.

I would like to take this opportunity of introducing the new chairman, Mrs. Ruth Best. I hope she will enjoy the same support that you have given me.

Sincerely your,,
Mrs. Helen Davies
Publicity Chairman,
Ninth District, California Congress of Parents and Teachers.

Dear Editor:

I want to take this occasion to congratulate you and the other citizens of this area in fighting the proposed attempt to take the control of our local schools away from us on the so-called unification program of those that are trying to centralize government so that the local people will have very little to say on what happens.

A government of the people, by the people, and for the people must remain with the people and not placed in the hands of a chosen few who cease to become the servants of the people but who think that they are chosen to be their masters.

Democracy can only last, and prevail, and flourish as long as it remains in the hands of the people locally and not at some distant point where it will be dictated to from the top instead of consulting with all the people involved.

Unification is a bad thing. It is an evil effort to take control of our schools, and the people should vote against it. I urge you to continue the good fight, and I congratulate you for the good work that you and your people have done.

Sincerely yours,
Rev. Frank B. Gigliotti
D. D. Hu D. C.
President United Taxpayers Association of San Diego County.

Here's a story from my "tots and telephones" collection. A young mother found her three-year-old turning the telephone dial. She shooed her daughter away, picked up the phone and started to dial, when the little girl said, "You don't have to do that, Momma, I already stirred it up." (When *you're* "stirring" your phone, please remember that careful dialing stops wrong numbers before they start).

BIG VALUE IN LEMON GROVE

In 1915 a long distance call from California to New York cost in excess of $20.00 In those days few people could afford the luxury of a call to family or friends in some distant place. In comparison, the 1966 three minute rate from Lemon Grove to New York is only $1.00 after 8.00 p.m. and all day Sunday. This minimum cost is little more than the cost of today's greeting card.

Long distance rates have been reduced 21 times in the past 50 years with 3 major reductions having occurred since 1959. Interstate rates have decreased 22% since 1940 while, in the same period, the cost living has increased over 100%. Your dollar spent for telephone service continues to be a number one bargain in today's inflated market. Why wait until Father's Day? Make that call now.

Travel Film To Be Shown At Men's Club

Roger Verbiest of the Lemon Grove Travel Bureau will show a travel film Friday at the Lemon Grove Men's Club noon meeting at Michael's Restaurant.

A short business meeting will also be held, according to Club President James Dorman.

Las Friday, Sandy Cunningham, a Grossmont College student, told of reasons for student unrest and her experiences at the University of California's Berkeley campus during the 1964 students riots.

She said one of the problems among students is as they become more informed, they want to have more to do in their world.

"This problem is compounded when the college doesn't inform them and restricts them from knowing what's going on. The college offers them prescribed courses, but not what they are interested in the present,' Miss Cunningham said.

She feels the present higher education system is due for an overhauling. "Only the cream of the crop should be sent to college and they should be given courses reflecting current problems, incorporating history and other subjects."

"College in a broad sense of general education is wrong. It should be a specific learning process. As it is now, you can earn a degree which only allows you to qualify for further education; it doesn't give you the training for a position in the world outside," she added.

Record Budget Studied By School Board

The combined problems of wage increases and a bigger budget convinced members of the Lemon Grove School Board Monday night that they needed another week to thresh out the details. So next Monday, at 7:30 p.m. at the board meeting room at Kempf and Lincoln, the board will announce its determinations on how best to spend a record $2.17 millions.

In raises, employees and the board are about $30,000 apart. Teachers had asked for $63,000 more; classified personnel wanted $20,000 more. Trustees asked them to have their requests for incresses total $50,000 and that the board would "sympathetically" consider it Monday.

The proposed budget may touch $2,171,000 this year — up approximately $100,000 over the last one. $50,000 of the increase would be raises in salaries, but another $50,000 is the result of federally required Title I expenditures for primary and secondary education.

Paul Reynolds, district business manager told the board that approximately $22,000 in state funds may be available this year due to new assessing practices. The cost of additional school nurses will absorb this, however.

School superintendent Byron Netzley told the board that an "additional 12 cents to 14 cents in tax cost" may be necessary to meet the proposed budget.

James Pearce, a long-time Lemon Grove realtor of 2973 Washington St., is in critical condition at Grossmont Hospital where he has undergone two operations.

He was admitted to the hospital June 3.

The Pearces came to Lemon Grove in 1924 and have been active in local affairs ever since.

RAMBLIN'

WITH ED LOOP

My desk gets a little crowded with notes to myself; and when I was going through all these little bits and pieces of paper the other day I found one that said, 'Get shoes out of refrigerator." I looked in the refrigerator and sure enough there WAS a pair of shoes in there in a box. My wife called me later to tell me that she had stepped on two gobs of bubble gum, and she reasoned that if the gum was cold enough it would come off easier. That was good thinking, because it DID come off easier.

Don't forget us when you are thinking of new office furniture . . . we can get some of the best out of L.A. in a hurry, and at fair prices to you. Call us for all your general office supplies at 463-4494 or come in to Grove Office Supply at 7890 Broadway in Lemon Grove.

Charles Mosse

Charles Mosse Heads Area Red Cross

Lt. Col. Charles Mosse, USAFR, was elected Helix branch chairman of the San Diego County Red Cross. He succeeds Mrs. Richard Allen, who will serve the branch during the coming year as first vice chairman.

Mosse has been associated with the Grossmont School District for the past nine years, first, as a mathematics teacher at Mt. Miguel High School and, presently, as guidance counselor at the same school — a post he has held for the last six years.

A fighter pilot in World War II, Mosse was in a prison camp in East Germany during the last year of the war. After several tours of duty following his release, he was assigned to head the AFROTC Unit at San Diego State College. There he became interested in education and resigned his commission in 1955 to prepare for a career in this field.

According to Mosse, few, if any, of the 10,000 Americans taken prisoner in World War II would deny that Red Cross aid was a vital factor in reducing death and disease in the foreign camps. For every prisoner picked up by a functioning military ageny in Germany, the International Red Cross supply services provided shoes, socks, overcoats and other clothing. Once the prisoners were in camps, their meager diet was supplemented by food parcels distributed through Red Cross.

In addition, the Red Cross did everything in its power to improve conditions in the camps and to insure the rights of the prisoners under the Geneva Convention.

"It is precisely through these services," Mosse says, "that so many men were able to leave prison camps at the end of the war. Without them, many might have died."

In addition to Red Cross concern for survival, in peace-time disasters as well as in war, Mosse emphasizes the other areas in which Red Cross serves, year in and year out, county-wide. First Aid and Water Safety, Nursing Services, Hospital Services, Motor Service, Service to Military Families — these, and others, are made possible in our communities through Red Cross.

Other officers elected at the annual meeting of the branch include Mrs. H. Lee Nottingham of Lemon Grove, second vice-chairman, Mrs. Robert L. Pentland, La Mesa, secretary and Robert L. Pentland, La Mesa, treasurer. Reelected to the board of directors are Dr. Frank B. Gigliotti of Lemon Grove, Richard Rasmussen of Chula Vista, Forrest Allison, La Mesa, Walter Matranga, La Mesa and Forrest Lewis, La Mesa.

Helix Honors Linda Fyock

Linda Fyock of Lemon Grove received five awards at a recent awards banquet honoring Helix High School vocalists.

Sha was given the Grand Award, top honor for a choir member at Helix. Other awards were senior service, senior high-point, accompanist trophy, staff accompanist and senior music scholarship.

GJC Board Tables Decision On Registered Nurse Program

A decison to adopt a registered nurse program at Grossmont College was tabled until the July 11 meeting by the Grossmont Junior College board of trustees Monday night in the College board room.

The program, which would be the first for a County junior college, would have an estimated cost of $40,000 per year once under way. There is not provision for the expenditure in this year's budget.

San Diego's Mercy Hospital is the only hospital in the County presently training registered nurses on a large scale. Paradise Valley has a limited program but is under agreement with a junior college in the Los Angeles area.

The board approved a preliminary budget for 1966-67 of $2,922,411 and also okayed a proposed student government budget of $103,895.

Also approved was a proposal to use $1 of the students $5 parking fee for a blanket insurance policy.

An ad hoc committee's recommendation that disqualification procedures for students be changed was adopted. The new rule will allow a student to remain in school even if dropping below a "C" average. The cutoff point will be 10 grade points below a "C". Trustee Bob Dryden dissented.

Erving Metzgar, Dean of Instruction at Diablo Valley Junior College in Concord, Calif., was appointed vice president of instructional services. Dr. Robert N. Burnham, a college counselor, was appointed vice president in charge of student personnel services.

Those two appointments will fill an administrative gap left when College president John Hansen resigned to take a position in Fresno.

TRACK STAR — Cathy De Stout, Grossmont College first year physical education major, runs the 1500 meter and mile events for the San Diego Mission Belles, an AAU-sanctioned track group.

Grossmont College Coed Takes Track In Stride

One of San Diego County's top track stars and one of the better milers in the United States cannot qualify for the track team at Grossmont College — because she is Cathy De Stout — a girl.

A physical education major at Grossmont College, Cathy runs for the AAU-sanctioned Mission Belles, one of three women's track and field teams sponsored by the Women's Track and Field Association of San Diego County.

Termed by her coach, Miss Jo Westlake, Santana High School physical education department chairman, a hard worker and a real competitor, Cathy trains by running an average of ten miles a day. She has also run on occasion with members of the men's cross-country team at the college.

The twenty-year-old Miss De Stout recently ran the 1500 meter event in 4:53.4 to set a new women's track record. Cathy also runs the 880 and the mile events and has competed in cross-country, where she consistently finished in the first five.

Cathy and her Mission Belles team mates will compete in the Women's Track and Field Nationals on June 26 through July 2, in Fredrick, Maryland, where they are expected to be among the winners. Cathy will run both the 880 and the 1500 meter events in the Nationals. Miss Westlake will accompany the girls as coach and trainer.

Cathy and the other seven Mission Belles have sold raffle tickets and participated in other fund-raising events to help defray the cost of their trip to Maryland. In spite of their efforts each girl will have to pay approximately $100 of her own funds toward the trip.

Cathy graduated from Grossmont High School and expects to attend San Diego State College as a Physical Education major after graduating from Grossmont College. The Australian-born Cathy is the daughter of Mr. and Mrs. Michael De Stout of 448 Hawthorne Ave., Fletcher Hills.

Nine Records Fall As Young Swimmers Vie At Camp Pendleton

Nine records, four national and five Pacific Southwest Association records were washed away Saturday and Sunday at an AAU open, unclassified, age-group swimming meet at Camp Pendelton. 11 local, and 8 out-of-district clubs made up 1306 entries. La Mesa was the team trophy winner with 299 points, 171 ahead of Oceanside.

A feature of the meet was a special event held during the lunch-break Sunday. Leathernecks of CP challenged other team fathers to a medley relay, in which each swimmer swam a length of the pool with a lighted cigar. mally a beer drinker, the bunny cottoned to a martini poured into his saucer by the visitor. Apparently hungry for hors d'oeuvres, he promptly bounced out to the porch and chewed up the guest's overshoes and the host's insurance firm was asked to cover the loss.

The rabbit's appetite resulted in but one of the strange claims handled recently by a national insurance firm.

Animals are funny? So are people!

Like the woman who had an unscheduled dip at a Wheeling, W. Va., poolside party and suffered the additional indignity of losing her wig, revealing a nearly-bald plate. Aetna Life & Casualty paid for cleaning the woman's wig and clothing and buying her a new pair of shoes.

Occasionally, man and animal meet head on. More trouble. Ask the Burlington, Vt., man whose dog was sprayed by a skunk cornered in the garage. The man grabbed a shotgun and aimed at the culprit. The gun jammed. The skunk fired again. The man went into the house for another shotgun, with the skunk following close behind. Now desperate, the man got off a shot with his second gun, blasting a hole through a chair, table, and wall. Unable to stand any more "non-scents," the skunk escaped out the door unharmed. The claim for furniture and house damage was paid.

In Rochester, N. Y., an ungrateful goat figuratively bit the hand that was about to feed him. A visitor who was buying milk for the animal left her purse on a fence post. The goat chewed up $85 in bills before the lady returned with the milk and a friendship that had suddenly soured. A theft insurance policy carried by the woman did not apply.

One of the most bizarre auto accidents was reported at Spokane, Wash. It involved a camp trailer in which a man was dozing while it was being towed by a car driven by his wife. The man, who customarily slept without clothing, was jolted awake when another car sideswiped them.

He opened the back door a crack to see what had happened. His wife, determined to catch a culprit, started up with a jerk, pitching him into the street.

Clothed exclusively in righteous indignation, the man dashed after her for a couple of blocks. Then halted by a shortness of both breath and wardrobe, he huddled between two parked cars until rescued by a passing police officer—who at first thought it all a bare-faced lie.

Sterling pitching performances brought the Lemon Grove Lions three victories in last week's Mt. Helix View Colt League play.

RESOLUTION OF BOARD OF SUPERVISORS OF PRINCIPAL COUNTY INITIATING PROCEEDINGS FOR REORGANIZATION AND SETTING TIME AND PLACE OF HEARING.
(OTAY — LA PRESA — SOUTH BAY REORGANIZATION)

On motion of Supervisor Boney, seconded by Supervisor Cozens, the following resolution is adopted:

WHEREAS, resolutions of application for a reorganization has been filed with the Local Agency Formation Commission by the Otay Municipal Water District, La Presa County Water District, and the South Bay Irrigation District, adopted by the Boards of Directors of said districts on March 14, 1966, January 19, 1966, and February 2, 1966, respectively; and

WHEREAS, on April 4, 1933, the plan of reorganization proposed by said resolutions was presented to and approved by the Local Agency Formation Commission, subject to certain conditions, and the County of San Diego was designated the Principal County and the Board of Supervisors of said County directed to initiate reorganization proceedings in compliance with the resolution of said Commission, NOW THEREFORE

BE IT RESOLVED, DETERMINED AND ORDERED as follows:

1. The reorganization proposed relates to a change of organization for the Otay Municipal Water District, La Presa County Water District, and South Bay Irrigation District, all of which districts are located entirely within the County of San Diego.

2. The nature of the reorganization proposed is the detachment of all the territory as described in Part I of Exhibit A hereto attached from the Otay Municipal Water District, and the annexation of the territory described in said Part I to the South Bay Irrigation District, and the annexation of all the territory described in Part II of Exhibit A to the La Presa County Water District, said territory described in Part II to remain within, and part of, the Otay Municipal Water District.

3. The terms and conditions to which such reorganization is to be subject are as follows:

(a) Payment to the La Presa County Water District of the sum of $50.00 for each meter service connection to the water system lying within said District, said fee to be paid at the time application for such service connection is made. Said fee shall be in addition to any service charge, installation fee or other amount otherwise imposed or levied upon parcels of property lying within said District.

4. The reasons for the reorganization of said districts are as follows:

(a) The existing boundary line between Otay Municipal Water District and South Bay Irrigation District is unduly meandering and confusing.

(b) The lands proposed to be annexed to South Bay Irrigation District are considered to be a part of the Sweetwater Reservoir Lands by the owner thereof and should be a part of South Bay Irrigation District as are all the major portions of the Sweetwater Reservoir Lands.

(c) The lands proposed to be annexed to South Bay Irrigation District are not considered to be suitable for residential construction due to their proximity to the said Sweetwater Reservoir where, as the lands proposed to be annexed to La Presa County Water District are considered to be prime residential lots.

(d) The La Presa County Water District is a member organization of the parent organization, Otay Municipal Water District in the general area of this proposed reorganization. Water facilities of La Presa County Water District now exist in Lakeview Avenue which borders the area proposed to be annexed to La Presa County Water District. No other retail water service is available within the same area.

(e) The lands proposed to be annexed to La Presa County Water District are not now eligible to receive service from any existing retail water service.

5. The Board of Supervisors of the Principal County hereby sets the 5th day of July, 1966, at the hour of 11:00 o'clock a. m., in the Chamber of the Board of Supervisors, Room 310 County Administration Center, San Diego, California, as the time and place fixed for the hearing of protests to the reorganization.

6. Any interested person desiring to make written protest against said reorganization shall do so by written communication filed with the Clerk of the Board of Supervisors not later than the hour set for hearing.
